

ABOUT ALABASTER :

ALABASTER is glycol-modified Polyethylene Terephthalate, main composition is CHDM (cyclohexane dimethanol(CHDM))

SHEET FEATURES :

- Food grade , good for health
- High gloss mirror effect, very flat.
- High impact strength- no damage during process
- Good weather resistance (even under 40 Celsius degree , it works)
- Anti-yellowing, UV stability
- Easy to cut, no edge crack.
- Elasticity, crack-resistant during transportation

TECHNICAL INFORMATION

| | |
|---------------------------|---|
| ALABASTER SHEET THICKNESS | 1mm |
| SIZE | 1220X2440mm |
| SURFACE GLOSS LEVEL | >93% |
| SCRATCH RESISTANCE | 0.5N |
| AVAILABLE BASE MATERIAL | MDF, PLYWOOD, PARTICLE BOARD, PVC FOAM BOARD |
| EDGE BANDING | ALABASTER EDGE BANDING |
