Roll Width (m)	3 (Available in Roll)

Only **Comtex** Offers the **WIDEST RANGE** of **FLAME RETARDANT** knitted fabrics globally.

The most reliable and **Recognized Knitted HDPE shade fabric in the market.**

Our FR fabrics meet the most stringent Fire Standards for shade fabrics including CSFM 1237.1 & NFPA 701 across all color variants with fabrics that offer biaxial stability and tensile properties, for minimal maintenance and improved fabric life.

Comtex Offers Fire Retardant fabrics in the industry's widest assortment of weights and colors to meet your project requirements.
