### Technical Information

Correct choice for your living spaces is ANKADEX doormat systems.

ANKADEX doormats avoid any dust or dirt to enter your living spaces. Our doormats provide a clean environment and a aesthetical aspect.

ANKADEX doormats are mainly used in projects such as malls and hospitals where there is a heavy human traffic. Their aluminium body makes them resistant and provides a long lifetime.

Our doormats can easily be cleaned by means of water and vacuum cleaner and do not need any special care.
